Dear Marty

**Re: Skate & BMX Park for Sussex Inlet**

From our discussions with yourself The Rotary Club of Sussex Inlet is happy to support your application for a grant of \$200,000.00 from the Department of Sport and Recreation to help establish a Skate and BMX park.

However, our support is given that this application does not impede on the progress of the original submission from the Sussex Inlet Community Forum.

We believe your application will benefit our community by the following points:-

1. Council support and funding for this project has been approved
2. Will promote healthy physical and recreational activities for children, teenagers and young adults
3. Will provide facilities for families, groups through the incorporation of a shaded viewing area and BBQ facilities
4. Will provide a state of the art environmentally sustainable piece of community infrastructure
5. The project is ready to start. Your club has engaged the services of the architectural firm BHI as well as designers Sk8scapes. Both companies having proven experts in their fields

We hope you are successful with your application as your proposal will be a valuable and long overdue piece of community infrastructure for Sussex Inlet.

Yours sincerely

Kerry Howes  
Secretary
